Where is Punto Fa, S.L. on the journey to sustainable cotton?

Company performance analysis

OVERALL

Punto Fa scores 17.8 out of 100 points in this ranking (up from 2.5 in 2017), and is at the start of its journey towards cotton sustainability.

POLICY

Punto Fa targets sourcing 50% of its cotton sustainably by 2022. The company conducted a footprint study to obtain insights into the water used in the specific parts of its supply chain. The company seeks to reduce the water footprint of jeans. Through its 'second chances' initiative post-consumer recycling and the use of recycled fibers is addressed. The company does not have specific policies in place to address biodiversity and the use of pesticides.

UPTAKE

Punto Fa publishes the absolute and relative volume of sustainable cotton sourced. In 2018, the company sourced 11% of sustainable cotton.

TRACEABILITY

Punto Fa does not publish information on the absolute volume or origin of the cotton used in its products. The company does not provide information on its suppliers (finished products, fabric manufacturers, yarn spinners), but plans to do so shortly.
